**Interview Date:** 31<sup>st</sup> March 2015

Dove House is an outstanding school (Ofsted 2010) for children with moderate learning difficulties and autism. We converted to an academy in November 2011 and have enjoyed many benefits from the autonomy this brings. Dove House is also an accredited Teacher Training Provider (SCITT) but above all it is a school which makes a difference to all those who are connected with it.

Following the restructuring of the Leadership Team for Sept 15, we are looking to recruit a Deputy Head to develop the school's professional development resource, which includes the initial teacher training provision SCITT. The role will also include a responsibility for providing career development for all Dove House staff and managing the performance management process. The successful candidate will have an experience in leading professional development, including initial teacher training and will have an ability to lead and inspire staff across the school alongside an empathy with children with special needs.

This is an exciting opportunity for the right candidate to develop a unique resource and play an important part in the whole life of the school
