## Science,

see separate document.

## Maths.

The Maths team have reviewed the supplied links and their suggestion is that pupils continue to use the work supplied, education city and MyMaths as appropriate as it is better suited and relates more to the work that would be completed in school.

## PE

**Website:** <https://www.afpe.org.uk/physical-education/thisispe-supporting-parents-to-teach-pe-at-home/>

**Description:** videos delivered by teachers focussing on the PE curriculum which are accessible on YouTube.

**Registration:** not required

## Support for Wellbeing and Mental Health

**Website:** <https://www.bps.org.uk/news-and-policy/bps-offers-advice-schools-parents-and-carers-help-children-through-uncertainty>

BPS - clearly related to the current times, wordy but with some more clear explanations for how to support children. Links are other useful links in the document and activities to do which can be printed out and might help students (and don't require lots of reading).

**Website:** <https://www.childrenscommissioner.gov.uk/publication/childrens-guide-to-coronavirus/>

Childrens Commissioner - wordy presentation but really good links to things children can do for free at the end though!

**Website:** <http://www.childhoodbereavementnetwork.org.uk/covid-19.aspx>

This one has some guides on how to talk to children about the virus and bereavement. It seemed to have some useful links and most of the explanations weren't too wordy- good bereavement guide for parents.

**Website:** <https://riseabove.org.uk/topic/my-mind/>

Engaging for teenagers to look at although lots of reading. Good for more KS4 and more able year 9. Lots of different advice on there, including exam pressure, sex and relationships etc. as well as lockdown advice.

## SEND:

**Website:** <https://www.helpkidzlearn.com/>

Suitable for lower ability pupils
